## CLINIC

CLINIC, the first project developed by RVB, aims to explore the aesthetics of the medical universe through contemporary photography. Going beyond photojournalism, twelve photographers have confronted their unique perspectives regarding the multiple facets of this theme. Partly created through artist residency programs in hospitals, their works deliver an intimate vision of these spaces and their inhabitants.

Olivier Amsellem, Constant Anée, Eric Baudelaire, Christophe Bourguedieu, Geoffroy de Boismenu, Peter Granser, Jacqueline Hassink, Albrecht Kunkel, Ville Lenkkeri, Matthew Monteith, Mario Palmieri, Stefan Ruiz
